NOTE: The rare Proof Half Cents from 1831 to 1852 are definitely the most unappreciated series of coins in all U. S. Numismatics. Their frequency in appearance at Public Auction, price lists, ads, etc. is lower than any other series. Consider the fact that probably less than 75 coins exist of the "commonest" Proof half cent in this group. In our opinion any of these purchased in the \$400.00 range is a bargain, and a wise investment if one tries to compare it with some of these so-called "Modern Rarities."

- 230 **1840 Original.** Large berries. Dark and iridescent Proof, lacking in the famous Ryder Sale and our Holmes Sale. A rare opportunity.
- 231 **1841 Second restrike. Reverse of 1840, small berries.** Die scratches over "RICA." A superb iridescent Proof.

U. S. HALF CENTS

- 235 **1845 Second restrike. Small berries, reverse of 1840.** As an indication of how rare this coin is, we can simply state that it was lacking in the Ryder, Empire, and Holmes sales each of which had a superior offering of Half Cents. A blazing red and iridescent Proof.
- 236 **1846 First restrike. Small berries, reverse of 1856.** Double impression on HALF CENT. Lacking in the Ryder and Holmes sales. A superb red and iridescent Proof. An exceptionally rare coin.

RARE 1918/17 'D' BUFFALO NICKEL

- 844 **1918/17 'D'** About Uncirculated. Sharply struck. One of the finest we have handled in many years. Clear overdate. Only the slightest evidence of wear. Full horn and full braid. A beauty. We estimate that this coin should bring at least \$1,000.00.
- 845 **1918/17 'D'** Strictly Very Good. Sharp overdate. Rare. Will no doubt bring in the neighborhood of \$200.00.
- 846 1918 'D' Strictly Extremely Fine and sharp. Surely worth the Guidebook value of \$27.50.
- 847 1919, 1920 Brilliant Uncirculated. Sharply struck. 2 pieces.
- 848 1919 'S', 1919 'D' Very Fine. 2 pieces.
- 849 1920 'D', 1920 'S' Fine to Very Fine. A nice matched pair. 2 pieces.
- 850 **1921** Brilliant Uncirculated, sharply struck. Full braid and horn. A gem. In hysterical demand by the "quick profit" speculators.
- 851 1921 'S' Very Fine. Scarce in this condition.
- 852 1923, 1924 Brilliant Uncirculated, lightly toned. 2 pieces.
- 853 **1923 'S'** Brilliant Uncirculated. Fairly well struck. A very scarce item in this condition.

- 856 1925 'D' Fine. Sharp.
- 857 **1925 'S'** Brilliant Uncirculated, softly struck as most are. Date and mint-mark very sharp. Full horn. The only place the softness of strike is evident is on the hair and braid of Indian. Unquestionably a premium coin.
- 858 1926 Brilliant Uncirculated. Sharply struck. 3 pieces.
- 859 **1926 'D' Brilliant Uncirculated**, a beautiful strike. Full horn, almost full braid. A fantastic "over night" demand has developed for this nickel. Speculators have driven this coin up in price that it rivals and seems to surpass the classic rarities of this series such as the 1926 'S' and 1927 'S' coins. Some have quoted this coin as high as \$300.00. Why, we cannot say, for after all they only struck a trifling 5½ million coins.
- 860 **1926 'S'** Extremely Fine. Only the slightest wear takes this out of the Uncirculated class.
- 861 1927, 1927 'D' Brilliant Uncirculated. Toned. 2 pieces.
- 862 1927 'S' Very Fine. Sharp.

Lots 876 - 1736

UNITED STATES HALF DIMES

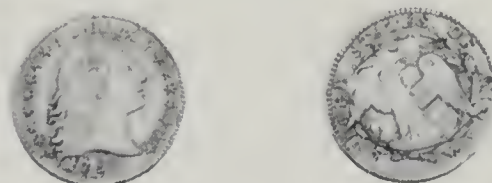

A SUPERB HALF DISME

- 876 **1792 Half Disme.** Obverse: Portrait left, supposed to be that of Martha Washington, date below. LIB(erty), PAR(ent) of SCIENCE & INDUSTRY. Reverse: Small flying eagle, HALF DISME in two lines below, legend, UNITED STATES OF AMERICA. Milled edge. This superb specimen is just a shade from Uncirculated. A beautiful steel-gray with about 50% mint lustre. One of the better known examples of this historic coin. Easily worth in excess of \$1,250.00.

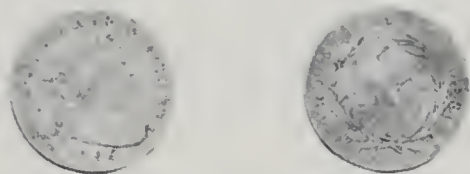

- 877 **1794** A gem striking of this rare date. Strictly Uncirculated, with a lovely rose and blue iridescence, some proof surface. None of the Holmes coins could equal this coin. We would not be surprised if this coin realized in excess of \$750.00.
- 878 **1794** This specimen is from the William C. Atwater Collection where it was ultra-conservatively graded Very Fine. Actually the coin could easily be graded Extremely Fine.

- 879 **1795** A magnificent Uncirculated coin. Full mint lustre. A trifle weak at the eye, but this is the Valentine 5 which always comes this way. Lovely iridescent hues. The coin will probably fetch \$400.00 or so.

U. S. HALF DIMES

- 880 **1795** Another specimen of this date. Extremely Fine, iridescent coloring. A very scarce type coin and worth \$250.00.

- 881 **1796 Perfect date.** The new variety "Likerty" has suddenly sprung up in the Guide-book. This coin could be that variety. The B in "Liberty" is unfinished on both the top and bottom. However, it is not rare as a variety. All Valentine 1 come with the letter unfinished. It could be listed as a variety but not intimating that it is excessively rare by using dashes instead of figures. This coin is Very Fine and rare, thus worth \$250.00 to \$300.00.
- 882 **1797 15 star variety.** Purchased as Fine but just falls short of that condition. Weakly struck in the center as all are. Rare.
- 883 **1797 16 star variety.** A lovely specimen of this scarce type coin. Very Fine, choice, bordering on Extremely Fine. Worth a substantial bid. The comparable Holmes coin realized \$275.00. This should better that record.

- 884 **1800 Perfect dies.** A gem specimen striking of this popular type coin. Uncirculated with a full proof surface, iridescent toning. A bid of \$500.00 would not be exorbitant for this little beauty.
- 885 **1800 "LIBEKTY"** Just about Very Fine. A nice specimen of this interesting variety.
- 886 **1801** Fine to Very Fine, a trifle weak at 11 o'clock and correspondingly on the reverse. A few minute nicks in the obverse field. Very rare.
- 887 **1803 The small date variety.** Very Fine, choice. An exceedingly rare variety. The Holmes coin realized \$270.00 in Extremely Fine condition. This coin could go \$300.00 today.
- 888 **1805** Just about Fine and a lovely coin of this rare year. Well worth \$150.00 or more.
- 889 **1805** Another specimen of this rare coin. This coin is from the H. O. Granberg collection. The coin was catalogued Good-Very Good, but the coin is Fine with a few minor nicks, and weakly struck areas. Actually a very pretty coin, nicer overall than the preceding lot.
- 890 **1829** Uncirculated, superb. A needle sharp strike with proof surface. Worth \$25.00.
- 891 **1829, 1830** Extremely Fine. 2 pieces.
- 892 **1830** Uncirculated, light toning.
- 893 **1831** Uncirculated, iridescent toning.
- 894 **1831, 1832** Extremely Fine. 2 pieces.
- 895 **1832** Brilliant Uncirculated.
- 896 **1833** Uncirculated, iridescent toning.
- 897 **1834 A superb PROOF.** Every star sharp. Full proof surface within the stripes on the shield. Slightly convex because it was so sharply struck. Worth \$300.00.
- 898 **1834** Uncirculated, nicely toned.
- 899 **1835** Large date, large 5 C. Uncirculated, blue toning.
- 900 **1835** Large date, small 5 C. Brilliant Uncirculated gem, proof surface. Worth \$20.00.
- 901 **1835** Small date, large 5 C. Uncirculated gem. Sharply struck, steel blue color. The rarest variety of this year. The Empire coin in 1957 realized \$19.00.

U. S. HALF DIMES

- 902 1835 Small date, small 5 C. Brilliant Uncirculated. Superb.
903 1836 Large 5 C. Uncirculated, rose and blue toning.
904 1837 Large 5 C. Uncirculated.
905 **1837 Small 5 C.** Really a sleeper coin. It finally catalogs \$52.50, but 5 years ago in our Empire Sale it realized \$67.50. This is the main reason why you should have the prices realized from every Stack's auction so that you can accurately plot the course of a scarce coin.

Foreword

THE R. E. COX, Jr. COLLECTION

UNITED STATES HALF DOLLARS

This collection is what may be termed a "complete collection." It is very seldom that one has the honor and pleasure of selling a "complete collection."

Mr. Cox was a true collector from the "old school" of numismatics. We sincerely hope that many of the speculators of today will follow the fine example set by Mr. Cox and collect solely for the numismatic pleasure it brings. A perusal of this section of the catalog will at once convince you that this is as comprehensive a Numismatic Collection of our coinage of Half Dollars as has ever been offered. Every series of this coinage, from the Colonial period down to the present date is represented, including patterns and trial strikes.

Mr. Cox was a liberal buyer but a discriminating one. He never questioned the price of a choice, scarce or rare item. While he paid full market price for the coins at the time of purchase, in many cases they now represent a handsome advance in value. The completeness of the collection and the rarities it contains are entirely too numerous to mention here. Your examination of this catalog will convince you that Mr. Cox accomplished what so many collectors dream about but few make that dream come true.

As has been our custom for many years, in cataloging important collections, we have endeavored not only to describe the coins accurately, but to give all possible historical and numismatic information about each coin as well as individual rarity. Also, while we have gone to considerable expense in illustrating some of the rarities, no photograph of a gem coin can adequately portray its real beauty.

The acquisition of coins missing from your collection is always the source of much pleasure. The acquisition of a coin from a prominent collection such as this gives you double the pleasure. This sale of a truly great collection affords you that opportunity. All of the coins contained in the Cox collection were individually mounted in hand-lettered 3"x4" cardboard blocks, with a few exceptions. They will be sold this way to establish and substantiate the pedigree and origin.

U. S. HALF DOLLARS

1792 WASHINGTON HALF DOLLAR IN COPPER

- 1737 **1792 Bust of Washington to left.** Reverse: Heraldic eagle. This is the famous Fonrobert specimen with the ornamented edge—circles and squares. There are supposedly only two known specimens, the Parmalee coin which was Fine but plugged, and this, a nice Very Fine, a trifle weak in centers. Small edge dinges obverse and reverse. An extremely rare coin which could easily find a berth in the finest of Colonial or Half Dollar collections. Conservatively estimated at \$750.00.
- 1738 **1792 Washington Half Dollar, Silver. Copy by Idler. Uncirculated.**
- 1739 **1794 B.1A. Flowing hair. First year of issue.** A nice well balanced Very Fine. Worth about \$300.00 or so.
- 1740 **1794 B.1Aa.** A nice Very Fine, perhaps a trifle sharper than the preceding B.1A.

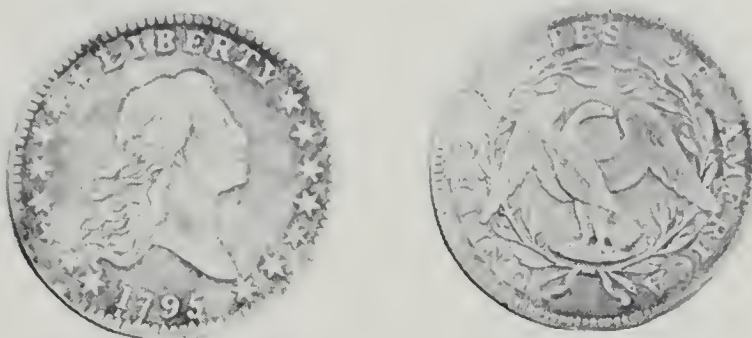

- 1741 **1794 B.1aAb.** This is the magnificent specimen sold by us in our Holmes Sale, October 7, 1960. Extremely Fine, choice, gold and iridescent toning. It realized \$640.00 at that sale. Will probably bring \$750.00 today.

- 1742 **1795 B.5J.** A superb **UNCIRCULATED** coin, full mint lustre, delicately toned gold and iridescent. Probably the finest specimen of this variety known. The owner purchased this coin from a midwestern dealer for \$880.00 in 1959.

THE RARE 1795 THREE LEAF VARIETY

- 1743 **1795 B.4H. Three leaves under each wing**, large bisecting die crack on the reverse, double cut date. Fine, choice, bordering on Very Fine. An exceedingly difficult coin to obtain. Worth \$500.00 or so.
- 1744 **1795 B.4H. Three leaves under each wing**. Another specimen of this rare variety. This is perhaps the first time we have ever had 2 of this variety in a sale. This coin is Fine, although not as choice as the preceding lot. Worth about \$400.00 or so.
- 1745 **1795 B.9N.** A nice **UNCIRCULATED** example of this early coin. Sharper than our Holmes coin that realized \$340.00. This coin should easily bring in excess of \$500.00.
- 1746 **1795 B.1aA. The punctuated date (17.95).** Not mentioned in Beistle. Very Fine and choice.
- 1747 **1795 B.4aG.** The very rare **double cut date** (as on the famous 3 leaf variety). This specimen is strictly Fine and worth in excess of \$250.00.
- 1748 **1795 B.3G. The low date, recut 9.** Some faint signs of the reverse die on the obverse. Very Fine and choice.
- 1749 **1795 B.5I.** The very rare variety with "STATES" cut over "STETES." Very Fine.
- 1750 **1795 B.6Bb.** The variety with "M" recut. Just about Very Fine and nice example of this scarce coin.
- 1751 **1795 B.7K.** "Liberty" over an incused "United." A planchet streak across the forehead. Brilliant **Uncirculated**, full lustre and one of the finest known of this variety. From our Holmes Collection where it realized \$370.00. Will probably fetch \$500.00 or so.

- 1752 **1795 B.11P. The "Low Date."** "CA" in America recut. **Uncirculated**, deep blue and golden toning. A very rare variety and seldom offered. Worth \$550.00 or more.
- 1753 **1795 B.11aP.** Low date. Die break from bust to rim. Very Fine and rare.
- 1754 **1795 B.17V.** Small narrow head, denticle incusation diagonally on the reverse. A very rare variety. Very Good.
- 1755 **1795 B.18aP.** Heavy die break from center of bust through date terminating at the rim. Very Fine and choice. Extremely rare. Worth \$250.00 or so.

THE VERY RARE 1796 15 STAR VARIETY

- 1756 **1796 B.2aA. 15 star variety.** Obverse: Draped bust. Reverse: Small eagle. 1796 and 1797 are the only years of Half Dollars with a fraction for the value. Strictly Very Fine and very rare. In great demand by date and type collectors. Worth \$3,000.00.

THE VERY RARE 1796 16 STAR VARIETY

- 1757 **1796 B.1aA. 16 star variety.** Draped bust. Reverse: Small eagle. A nice Very Fine specimen of this rare type coin. A rarer coin than the 15 star variety. This coin should fetch about \$3,500.00.

- 1758 **1797 B.1aAa.** The last year of this type. Not quite as rare as the 1796 but brings just about the same price. This specimen is Very Fine with some light edge damage above "Liberty." The word "America" has been excellently strengthened by a skilled artisan. Worth about \$2,000.00.
- 1759 **1801 B.1A.** A shade from Extremely Fine. This very scarce coin should bring close to \$200.00.
- 1760 **1802 B.1A.** A sharply struck example of this very scarce coin. Uncirculated with just a touch of friction on the cheek, just about full mint lustre. Worth close to \$400.00.
- 1761 **1803 B.2bB. Large 3.** Purchased as Uncirculated, but actually just falls short of that condition.
- 1762 **1803 B.1A. Small 3.** Very Fine.

U. S. HALF DOLLARS

- 1763 **1805/4 B.1A. Close date.** Sharply struck. A very scarce coin in the higher grades. Extremely Fine, choice.
- 1764 **1805/4 B.2C. Wide date.** Just about Very Fine. The complete "4" shows under the "5". An extremely rare variety of which only 3 or 4 are said to be known by Kagin from whom the coin was purchased for \$730.00.
- 1765 **1805/4 B.2bCa. Wide date, complete "4" shows under the "5".** Last stages of the die, i. e. Large break from rim to nose, large triangular shaped break on the first two stars to hair. This is the plate coin in the Guidebook. Strictly Very Fine. Purchased from Kagin for \$680.00. A very rare coin.

- 1766 **1805 Unlisted in Beistle.** A rather unusual coin inasmuch as the field and edge are rather buckled with a huge rim break almost obliterating the 10th, 11th and 12th stars, and edge crumbling around the rest of the coin. **UNCIRCULATED**, golden iridescent toning. Really rare in this die state and condition combination. Should bring \$500.00.
- 1767 **1805 B.5bH.** Nearly Extremely Fine.
- 1768 **1806/5 B.10P.** Nearly Extremely Fine. A nice specimen of this scarce overdate.
- 1769 **1806/5 B.10P.** Another specimen of this scarce overdate. Very Fine.

RARE 1807 SPECIMEN STRIKING

- 1774 **1807 B.3E. (The 8 is lower than the 1). Head right.** This magnificent coin was sold as a Proof and it is hard to call it anything else. Sharp bust, stars, and reverse. **Full Proof surface.** Purchased from Henry Chapman years ago as a Proof. This coin is superb and worth in excess of the \$760.00 paid for it.
- 1775 **1807 B.2Ca. Head right.** About Uncirculated, choice, almost full mint lustre.
- 1776 **1807 B.11aH. New type by John Reich.** Small stars, die defect at second star. Very Fine choice.
- 1777 **1807 B.12J. Large Stars.** Extremely Fine. Quite scarce.

U. S. HALF DOLLARS

- 1778 **1807 B.10G. 50/20 Reverse.** Uncirculated, but with just a trifle touch of friction on the cheek and bust. Rare in this condition.
- 1779 **1807 (Not in Beistle).** The 50 over 20 with the large die break from chin to chest, thus giving the coin the nickname of **"The Bearded Goddess."** From the same die as 10G, except advanced die break. Extremely Fine.

VERY RARE 1818/17 PROOF HALF DOLLAR

- 1799 **1818/17** This specimen is perhaps the coin sold by New Netherlands as lot 1237 in their 47th sale, as it fits the description perfectly. **A glittering rainbow Proof.** A very rare coin that should command \$250.00 or more.

VERY RARE 1838 PROOF HALF DOLLAR

- 1871 1838 This is the same coin sold by Kreisberg in the Lichtenfels Collection, February 18, 1961. **"1838 Brilliant Proof Ex. Brand Collection.** Possibly only two others known in Proof. An outstanding rarity valued at (750.00)." The only thing left out of the description is a tiny milling mark on the cheek. Mr. Cox paid \$775.00 which we do not feel was excessive. The coin is ideal for both the date and type collector.
1872 1838 Uncirculated, although formerly cleaned.

On the next page is described the excessively rare 1838 'O' Half Dollar. This coin ranks among the top 6 rarities in the entire U.S. numismatic series.

EXCESSIVELY RARE 1838 'O' HALF DOLLAR

- 1873 **1838 'O'** One of the rarest half dollars of the entire series and one of the outstanding rarities of U. S. coins. Only when a prominent collection is offered for sale is there a remote chance that it might contain an 1838 'O' Half Dollar. It is with great pride we offer this specimen. Stack's has been privileged to sell at Public Auction almost all the known specimens of this coin. In 1942 we sold the Clapp-Eliasberg specimen, in 1951 we sold the Guggenheimer specimen, in the fabulous Dupont sale we offered another example, in 1955 we sold the Baldenhoffer coin, in 1957 we sold the Empire example, in 1959 we sold the Pelletreau coin (which was originally the Baldenhoffer specimen), and now the R. E. Cox, Jr. specimen. This coin was sold to Mr. Cox as having originated from James McAllister, a renowned Philadelphia dealer who operated in that city during the 1920's to 1940's. **This coin is a Brilliant Proof and is no doubt one of the finest known.** Probably struck for presentation purposes and beautifully preserved. Only 20 examples were struck and we believe that less than half are known to exist. When one also considers that of the known examples several are in museums, it is easy to see why this coin is so rare and in such great demand. This coin rates with such outstanding coins as the 1804 Dollar, the 1894 'S' Dime, the 1827 Original Quarter, to mention a few. We feel that this coin is surely in the \$10,000.00 or better class.

U. S. HALF DOLLARS

THE VERY RARE 1846 OVER 45 HALF DOLLAR

- 1905 1846 over 45. B.1aB. Although known for many years, this is one coin that never had any publicity and it really is rare. Perhaps because it is such a light overdate many people haven't noticed it. **This specimen is Brilliant Uncirculated and one of the finest known.** The coin should bring about \$500.00.
- 1906 1846 Small date. Extremely Fine.
- 1907 1846 Tall date variety. Brilliant Uncirculated, nicely toned proof-like surface. Although acquired as a Proof it is quite difficult for us to catalog it as such. The coin was burnished at one time, thereby completely disturbing its original surface.
- 1908 1846 Tall date. Uncirculated, the field a trifle rubbed.
- 1909 1846 over Horizontal 6. Brilliant Uncirculated, a few tiny nicks on the right arm. Truly rare in this condition.
- 1910 1846 'O' Small date. No drapery. Extremely Fine.
- 1911 1846 'O' Tall date. Drapery. Very Fine and very scarce.

THE EXTREMELY RARE 1847 OVER 46 HALF DOLLAR

- 1912 1847 over 46. **One of the rarest overdates in all U. S. Numismatics.** The finest specimen is the Dupont-Empire coin which was a Proof. We handled one other besides that coin. This coin is Extremely Fine. (The original date was cut too low and the die was probably discarded for a year, then pressed into use after the 1847 was cut into a central position). The 46 is not strong compared to other overdates, but still quite evident. (Even the Dupont-Empire coin has a weak '46). This coin was purchased from Kagin for \$1,230.00 in 1959. Should bring a good deal more today.

VERY RARE 1847 PROOF HALF DOLLAR

- 1913 1847 Purchased at the Lichtenfels Collection, this superb coin was cataloged as follows: "1847 **Brilliant Gem Proof**, light blue edge toning. A perfectly struck specimen. Excessively rare (400.00)." The coin realized \$420.00 at that sale.
- 1914 1847 Brilliant Uncirculated. A very nice specimen.
- 1915 1847 'O' Uncirculated, choice. Natural blue and iridescent toning.
- 1916 1848 Brilliant Uncirculated. Lightly toned proof-like surface. Purchased as a Proof from Ben Dreiske, however, as some of the stars are flat and the surface somewhat burnished, we find it difficult to qualify this coin as a Proof.
- 1917 1848 Brilliant Uncirculated.
- 1918 1848 'O' Very Fine; 1849 recut date and stars, Extremely Fine. 2 pieces.
- 1919 1849 'O' Uncirculated, although weakly struck. Some faint proof surface.
- 1920 1849 **Reengraved date**. The first cut is far to the left and the new date recut in a centered position. Sometimes called the 1849 over 49. Very scarce. Purchased from Al Overton for \$180.00 and really worth it. A shade from Uncirculated.

THE VERY RARE 1850 PROOF HALF DOLLAR

- 1921 1850 Purchased from the Lichtenfels Collection, the coin was described as follows: "The unique 1850 Proof Half Dollar. **1850 Flawless Brilliant Proof**. High date. Recut O in date. All our research on this coin seems to confirm our belief that this is the only known 1850 in Gem Proof condition. A great rarity and easily worth over (500.00)." We did further research on the coin and found that a specimen was sold in a New Netherlands Sale (52nd). These are not the same coins. Mr. Cox paid \$440.00 for it and if one considers the New Netherlands coin brought \$205.00 in 1958, this coin could fetch \$500.00.
- 1922 1850 Extremely Fine. Very scarce.
- 1923 1850 'O' Very Fine. Scarce.
- 1924 1851 **Brilliant Uncirculated**. Very scarce. Catalogs at \$75.00 and worth it.
- 1925 1851 'O' Uncirculated. Superb. Iridescent toning.
- 1926 1852 **Brilliant Uncirculated**. Full mint lustre. A gem coin. Catalogs \$150.00 and worth it or more.
- 1927 1852 'O' Extremely Fine and choice. Worth about \$75.00.

THE EXCESSIVELY RARE 1853 'O' NO ARROWS HALF DOLLAR

1928 **1853 'O' No arrows or rays.** This is the rarest silver coin of the New Orleans mint. Also this is the only specimen available at this time. The other known piece is in the Eliasberg collection which was purchased by us for his account at the Menjou Sale in 1950. The coin we are now offering is the famous Dupont-Empire specimen.

In the year 1853 the par value of silver surpassed that of gold. Silver was purchased at a premium and exported at a profit. Finding that the country was rapidly becoming drained of its silver coin and bullion, the government while retaining the old weight for standard dollars, reduced the weight of all its minor silver coinage. The half dollar was reduced from 206¼ grains .900 fine to 192 grains .900 fine, in conformity with the Act of February 21, 1853. The government indicated the change by putting an arrowhead before and after the date. This specimen weighs 199.6 grains. The difference from 206 grains, the earliest standard weight, to 199.6 is easily accounted for by the advanced state of wear. This weight factor conclusively proves the genuineness of this coin.

This specimen, which is in Fine condition, realized \$3,000.00 in the Dupont sale in 1954. In 1957 at the Empire sale, this coin brought \$5,000.00. Far rarer than the 1804 Dollar and the 1894 'S' Dime, this coin surely ranks in rarity with the 1822 Five Dollar Gold, the 1870 'S' \$3.00 Gold and the 1873 'CC' No arrows Dime. With the great interest and spirited bidding recently recorded, i.e. \$28,000 for an 1804 Silver Dollar; \$13,000 for 1894 'S' Dime, it is quite difficult to estimate what this coin will bring. We can only say that \$10,000.00 would be a reasonable figure for this coin. It no doubt will bring more.

- 1939 **1855 'S' No drapery.** Extremely Fine, tarnished a deep brown. Purchased from Schreiber for \$255.00.

THE RARE 1856 PROOF HALF DOLLAR

- 1940 **1856** Also purchased at the Lichtenfels Sale, described as follows: "**1856 Brilliant Proof.** A magnificent specimen and almost as rare as the 1855. Four years ago a similar coin sold at \$320.00. The few sales reported since then all indicate sales over \$500.00. This is from the Brand Collection." The coin realized \$725.00.
- 1941 1856 Extremely Fine; 1860 Uncirculated, but rubbed. 2 pieces.
- 1942 1856 'O' Reengraved '6'. Uncirculated. Iridescent toning.
- 1943 1856 'O' Brilliant Uncirculated. A choice coin.
- 1944 1856 'S' Very Fine to Extremely Fine. Very scarce.

THE RARE 1857 PROOF HALF DOLLAR

- 1945 **1857** Lovely brilliant and blue **Proof.** Although not quite as rare as an 1856, this coin should command a strong 3 figure price. Catalogs at \$300.00 and we believe that would be a nice beginning.
- 1946 1857 Uncirculated. Deep blue toning, wire edge on obverse.
- 1947 1857 'O' Uncirculated.

U. S. HALF DOLLARS

- 1948 1857 'S' Medium size 'S'. Extremely Fine but figure has been strengthened by re-engraving.

- 1961 **1861 'O'** The variety struck by the Confederacy showing the delicate die break from the bridge of the nose to the rim. The same obverse was used on the excessively rare Confederate Half Dollar. About Uncirculated, choice. The Uncirculated Egolf specimen realized \$280.00.
- 1962 **1861 'O'** Another specimen of this rare variety. This coin is Very Fine and worth \$100.00 or so.
- 1963 **1861 'O'** Purchased as a Proof, and actually the cataloguer is at a loss as to what to call the coin. Mr. Cox has described it as "Very choice, proof like surface as close to Proof as possible for a branch mint coin." Evidently he was influenced by Beistle's description of the 5D (Proofs struck of the Confederate Half Dollar). This does not have the die break. We feel the coin probably is a Proof with a small scrape near the last 'A' of America. Worth at any rate a bid of \$250.00.

1861 CONFEDERATE RESTRIKE HALF DOLLAR

- 2005 **1874** Brilliant Uncirculated. A gem!

THE EXTREMELY RARE 1878 'S' HALF DOLLAR

- 2024 **1878 'S'** This is the Egolf Specimen sold by us in May 1961. The description is taken from that catalog: "**1878 'S'** A gem **Semi-Proof**. Uncirculated with proof surface on obverse and reverse. Nicely toned with iridescent hues. We hesitate to use the phrase "Finest Known" because this could possibly be equalled (the Manning Specimen), but we doubt if it could be surpassed. This coin is the prize of the collection and it would not surprise us if this coin realized more than \$1,750.00. Perhaps only a handful are known in full mint state." The coin realized \$2,650.00.

RARE DISPLAY SETS OF U. S. HALF DOLLARS

Three display sets of U. S. Half Dollars are listed below. Each coin is mounted in a 3"x4" block, beautifully hand lettered, with description of coins. Each set of coins is mounted in an attractive black ebony frame ready for hanging on wall in office, den, or home. So beautiful, we felt it would be an injustice to break up these sets and sell the coins individually. These sets were part of the prize winning, awe-inspiring display that Mr. Cox presented at the 1961 A. N. A. Convention. Its beauty and originality of display was the talk of the convention. Mr. Cox spent a considerable sum to prepare these coins in these frames. A once-in-a-lifetime opportunity to purchase complete sets so magnificently mounted.

COMPLETE PROOF SET OF LIBERTY SEATED HALF DOLLARS

- 2117 **Complete Set of Proof Liberty Seated Half Dollars 1858-1891.** A superb set, complete as issued. Each coin is a **Brilliant Proof**, beautifully struck, and attractively toned. Mounted as described above in one ebony frame. Rarely does one have the opportunity to acquire an intact set of these rare half dollars. 35 pieces. Current catalog value of \$2,937.50. However, in our opinion the rarity of this set and the attractive display mounting will no doubt stimulate "run-a-way" bidding.

HALF DOLLAR DISPLAY SETS, COMMEMORATIVES

Each coin is a **Brilliant Proof**, superbly struck and attractively toned. Each coin is individually mounted and arranged in one ebony frame. Another rare opportunity to buy a rare set of coins intact. Guidebook valuation is \$3,335.00 and this set attractively mounted as it is will no doubt bring that figure. 31 coins in all.

COMPLETE SET OF LIBERTY WALKING HALF DOLLARS

We hesitated to break up this set for it is one of the finest we ever handled, beautifully matched for strike and brilliance. This set, considering the profound interest in Commemorative Half Dollars, could bring \$3,500.00.

RARE 1832 WASHINGTON ITEM

- 2123 **1832 Washington Silver Medal** of approximate half dollar size, struck to commemorate the Centennial of Washington's birth. Issued February 22, 1832, by the Gold and Silver Artificers of Philadelphia. Brilliant Proof. Rare.

1926 SESQUICENTENNIAL MATTE PROOF

- 2124 1926 **Sesqui. Matte Proof.** Purchased at the Hydeman Sale, previously recorded in the King Farouk Collection. Considered possibly unique, being the only specimen to come to light in all these years. Could easily bring \$1,000.00 if not more.

RARE 1928 HAWAIIAN PROOF HALF DOLLAR

- 2125 1928 **Hawaiian. Sand-blast Proof.** Presentation piece, only 50 struck. Most were mistakenly cleaned to make them appear more brilliant, thereby ruining the beautiful sand-blast finish. This coin was untouched and the finish is undisturbed. This coin is the piece which was examined by the publishers of the Standard Catalogue, verified as a Proof and eventually listed as such. We feel this coin should easily bring \$1,000.00 if not more.

- 2127 **Commemorative Medals.** Group of Commemorative medals struck by Philadelphia mint. 1906 Pikes Peak, 1959 Colorado, 1959 Nevada, 1960 Pony Express, 1961 Kansas, 1961 Mobile, 1961 Pony Express. Silver. 7 pieces mounted in page. Uncirculated.

- 2131 1816 **Planchet with lettered edge.** Incused in reverse impression, "PLANCHARD CUT OUT IN U. S. MINT-1816." Very Fine. Rare. In Breen's "Silver Coinage of the Philadelphia Mint" he says, "Would appear to be a piece of whimsy on the part of a mint employee. The amount of silver bullion in the Mint after the fire of January 11, 1816 was negligible, and the apparatus for rolling and cutting silver blanks was badly damaged by the fire. Therefore if this piece was made when it claims to have been, it was a left over planchet from some earlier deposit. It was earlier in the Bowdoin, Gerts, Jenison, Brandts, Shroye collections, reappearing in the 1954 A.N.A. Convention Sale." Mr. Cox purchased this piece from Hollinbeck-Kagin Coin Co. for \$1,150.00 in February 1961.

U. S. GOLD DOLLARS

- 2603 1849 Open wreath, large head with 'L'. Brilliant Uncirculated. A gem coin.
- 2604 1849 Closed wreath, value and date reengraved. Brilliant Uncirculated gem. The Delta coin realized \$52.50.
- 2605 1849 'O' Extremely Fine.
- 2606 **1849 'D'** Extremely Fine, choice. The Delta coin, not as nice, fetched \$210.00. This coin should bring \$250.00.
- 2607 1850 Very Fine.
- 2608 **1850 'D'** Very Fine but with some nicks before the face. A rare coin, only 8,382 struck.

- 2610 1851 Uncirculated, weakly struck.
- 2611 **1851 'C'** About Uncirculated. A very sharp strike, lightly polished giving it a proof-like finish. Really a nice coin.
- 2612 **1851 'D'** Extremely Fine, light double profile, sharply struck, tiny nick on the nose. Worth close to the Delta coin at \$210.00.

- 2621 **1853 'C'** About Uncirculated some faint suggestion of proof surface. A lovely coin worth about \$225.00.
- 2622 1854 Type I. Just a shade from Uncirculated.

U. S. GOLD DOLLARS

- 2623 **1854 'D'** Strictly Very Fine. This very rare coin is seldom offered and when it does appear it usually becomes a run-away, as was the case in our Delta sale. The Guidebook perennially underrates it. Worth \$450.00.
- 2624 **1854 'S'** The first year of the San Francisco Mint. Extremely Fine and very scarce.
- 2625 **1854 Type II.** Brilliant Uncirculated, lovely yellow gold. Could possibly bring \$160.00.
- 2626 **1855** About Uncirculated. In great demand by the type collectors.
- 2627 **1855 'C'** Very Fine, a few tiny rim nicks. The only 'C' mint coin struck in this type.
- 2628 **1855 'O'** Very Fine, choice. Scarce type coin.
- 2629 **1856 'S' The only 'S' mint Type II dollar.** This is the very rare variety with the mintmark cut far too high, then lowered. This variety also has the upright 5 as in the 1856 Philadelphia coin. Extremely Fine, tiny scratch on cheek. Very rare.
- 2630 **1856** Slanting 5. About Uncirculated. Choice.
- 2631 **1856 Upright 5.** About Uncirculated. Very scarce.
- 2632 **1857** Brilliant Uncirculated.
- 2633 **1857 'S'** About Uncirculated. Worth more than the Delta coin at \$62.50.
- 2634 **1857 'C'** Very Fine and choice. Struck on a **non-granular** planchet. A very unusual occurrence. Worth \$175.00 or more.

AN EXCEPTIONAL 1857 'D' GOLD DOLLAR

- 2635 **1857 'D'** Truly a beautiful coin. This coin is About Uncirculated, sharply struck, with **full** borders on obverse and reverse. A much better coin than our Delta specimen that realized \$650.00. If this coin crept up near the 4 figure mark we would not be in the least surprised.
- 2636 **1858** Extremely Fine.
- 2637 **1858 'S'** Very Fine, the planchet a trifle warped. Quite scarce.

1858 'D' UNCIRCULATED GOLD DOLLAR

- 2638 **1858 'D'** Brilliant Uncirculated, proof surface. A beauty! Probably the finest we've handled. A coin that would grace the finest collection. Worth \$600.00 and at that price it couldn't be duplicated.
- 2639 **1859** About Uncirculated, traces of proof surface.
- 2640 **1859 'S'** About Uncirculated, choice.
- 2641 **1859 'D'** Very Fine but formerly mounted. About the equal of the Delta coin at \$100.00.
- 2642 **1860** Brilliant Uncirculated. Reverse has a full proof surface.
- 2643 **1860 'S'** Brilliant Uncirculated gem. Fully the equal of the Delta coin that realized \$135.00.
- 2644 **1861** Brilliant Uncirculated, full mint bloom.

U. S. GOLD DOLLARS

- 2645 1862 About Uncirculated, slightly bent.
2646 **1863** Brilliant Uncirculated, a sharp strike with some proof surface. Far better than the Delta coin at \$230.00.

EXTREMELY RARE 1864 PROOF DOLLAR

- 2647 **1864 A perfect gem Proof.** Struck in yellow gold. To try to estimate the value of this coin would be sheer guesswork as none have appeared in this choice condition for many years. All we can say is that there are probably less than 10 in existence so choice and at \$1,000.00 the price would not be too high.
2648 **1865** Brilliant Uncirculated, just a touch of friction on the proof surface. Far superior to the Delta coin at \$260.00.

1866 PROOF GOLD DOLLAR

- 2649 **1866 A superb Brilliant Proof.** Again there aren't any current records to base our estimate on. Only 30 were struck and only few can remain in this quality. Easily worth \$600.00.
2650 **1867** Brilliant Uncirculated, proof surface. The Delta coin realized \$140.00 after furious bidding. It would not surprise us if this fetched more.
2651 **1868** Brilliant Uncirculated, but lightly buffed giving it a proof-like appearance.
2652 **1869** Brilliant Uncirculated, first strike, proof surface. A real beauty. Realized \$145.00 at the Delta sale.
2653 **1870** A splendid Brilliant Proof. Only 35 were struck. Catalogs at \$200.00 but in real life bidding may we suggest bids around \$400.00.

THE RARE 1870 'S' GOLD DOLLAR

- 2654 **1870 'S'** About Uncirculated, proof surface. Practically a match to the Delta coin where it realized \$365.00.
2655 **1871** Brilliant Uncirculated, proof surface. A "First Strike." A very scarce coin.
2656 **1872 A superb Brilliant Proof.** Only 30 struck. This beautiful coin should realize over \$400.00, indeed close to \$500.00.
2657 1873 Closed 3. Uncirculated.
2658 1874 Brilliant Uncirculated, some proof surface.

THE VERY RARE 1875 GOLD DOLLAR

- 2659 **1875 A Brilliant Proof** with the obverse just slightly cloudy. Really a beauty! Only 420 were struck and of that figure only 20 Proofs. This coin was lacking in the Rinaldi Collection in our Delta sale and that collection lacked only 4 to be complete. Were we to have this very coin in stock we would conservatively price it at \$1,250.00.

U. S. GOLD DOLLARS, \$2.50 GOLD

- 2660 1876 Uncirculated, some proof surface, just a touch of friction in the field. Rare.
 2661 **1877** Extremely Fine, but traces of mounting on the reverse where a stick-pin had been removed. Rare.
 2662 **1878** Brilliant Uncirculated, proof surface. The Delta coin realized \$100.00.
 2663 **1879** A Brilliant Uncirculated gem. Worth in excess of catalog.
 2664 **1880 Brilliant Proof.** A lovely specimen of this rare coin. Only 36 struck. This coin should bring \$300.00 or so.
 2665 **1881 Brilliant gem Proof.** A few copper stains which in no way impair the value of a coin. Only 40 were struck and this coin is easily worth \$300.00.
 2666 **1882** Brilliant Uncirculated "First Strike." Proof surface. A gem coin.
 2667 **1883** Brilliant Uncirculated.
 2668 **1884 Brilliant Proof.** A nice coin worth \$150.00.
 2669 **1885 Brilliant golden Proof.** Struck in yellow gold. A superb coin worth \$125.00 or so.
 2670 **1886 Brilliant Proof.** Tiny scratch from mouth to 'I' of United. Fully brilliant, the coin should bring about \$100.00.
 2671 **1887 Superb Brilliant Proof.** The Delta coin sold at a bargain \$97.50.
 2672 **1888** Brilliant Uncirculated gem.
 2673 **1889** Last year of issue. Brilliant Uncirculated yellow gold.

U. S. QUARTER EAGLES (\$2.50 GOLD)

- 2674 1834 Extremely Fine. Worth \$50.00.

 2678 **1840 'C'** Fine to Very Fine. Worth \$70.00.

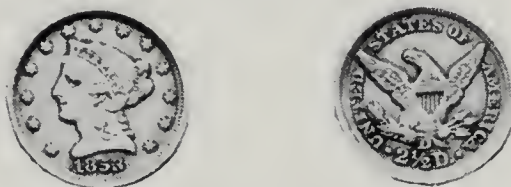

- 2679 **1841 'C'** Extremely Fine. Only 10,297 were struck of this elusive coin. This coin is terribly under-rated, should bring \$250.00.

 2681 **1842 'O'** Extremely Fine.
 2682 **1842 'C'** Very Fine. Very scarce, worth \$115.00.
 2683 **1843** About Uncirculated, choice, almost full mint lustre.
 2684 **1843 'O'** Small date. Extremely Fine. Worth about \$40.00.
 2685 **1843 'O'** Small date. Another specimen, this coin Very Fine.
 2686 **1843 'O' Large date.** Brilliant Uncirculated. Seldom offered in any condition. In this splendid state it is worth \$125.00.
 2687 **1843 'D'** Close to Extremely Fine. This scarce coin should realize \$125.00 or so.
 2688 **1843 'C' Large date.** Only 26,096 were struck of both varieties. Worth \$110.00.
 2689 **1844 'D'** Fine to Very Fine. Scarce. Worth \$85.00 or so.

 2691 **1845 'D'** Very Fine, choice. Well worth a bid of \$125.00.
 2692 **1845 'O' Date double cut.** Actually a very rare coin that is ignored by the Guide-book. This coin, Very Fine, should be worth \$300.00 or more as only 4,000 were coined.
 2693 **1846** Perhaps an unlisted overdate. Extremely Fine. Only 21,598 were struck. Scarce.
 2694 **1846 'D'** Only 19,303 were coined. Very Fine, choice. Worth over \$100.00.
 2695 **1846 'O'** Very Fine.

2697 **1847 'C'** Extremely Fine, choice. Quite scarce, worth \$95.00.
2698 1847 'O' Very Fine.
2699 **1848 'D'** About Uncirculated. Choice, full mint lustre. Rare and worth \$150.00.
2700 **1848 'C'** Very Fine and rare. Probably will bring \$110.00. (NOTE: Year collectors of Quarter Eagles need either the "C" or "D" coin as the Philadelphia usually sells at \$450.00 or more).
2701 **1849 'D'** Reengraved date. Nearly Uncirculated. This rare coin of which only 10,945 were struck is worth \$135.00.
2702 1850 'O' Extremely Fine.

THE VERY RARE 1853 'D' QUARTER EAGLE

- 2709 **1853 'D'** The coin is strictly Very Fine with some claims to Extremely Fine. A trifle weak in the centers, common to this coin. **A very low 3,178 were coined.** Seldom offered and we do not hesitate to estimate its value at \$425.00.
2710 1854 About Uncirculated.

THE VERY RARE 1857 'D' QUARTER EAGLE

- 2717 **1857 'D'** A lovely coin, Extremely Fine, choice and one of the better known coins. **Only 2,364 were struck** and only a few are available today. Worth about \$450.00.

2719 1858 Extremely Fine.
2720 **1859** Extremely Fine. Scarce.

THE VERY RARE 1859 'D' QUARTER EAGLE

- 2721 **1859 'D'** Extremely Fine. One of the most difficult Dahlonega coins to locate. **Only 2,244 were minted**, that was just prior to the Civil War. Many gold coins were melted into bars and sent to Europe in payment for food, clothes, etc. Only a fraction of 'C' and 'D' mint coins struck just prior to the Civil War could exist. This coin is worth \$400.00 or so.

THE EXTREMELY RARE 1875 QUARTER EAGLE

- 2744 **1875** One of the rarest Liberty Head Quarter Eagles. It is exceeded only by the 1841, 1854 'S', and 1863. This specimen, **one of the 400 struck**, is Very Fine, but formerly mounted on the edge. The mounting was very skillfully removed showing little or no trace. An unusual opportunity to obtain a coin of this calibre. We feel that an estimate of \$650.00 is not excessive.
- 2745 1875 'S' Very Fine. Scarce, low mintage of 11,600. Worth \$50.00.
- 2746 **1876** Very Fine, small reverse edge nick, copper coloring. Worth \$85.00.

THE RARE 1854 DAHLONEGA THREE DOLLAR GOLD

- 2782 1854 'D' This coin is Extremely Fine with faint traces of mint lustre in the letters. It is the only \$3.00 Gold struck at the Dahlonega Mint. This coin compares favorably with the Delta specimen, which brought \$1,100.00. We feel that this coin should bring in excess of that figure because of its scarcity.
2783 1854 'O' Extremely Fine, weakly struck as all are.
2784 1855 Extremely Fine.
2785 1855 Another Extremely Fine specimen.

U. S. \$3.00 GOLD

 2788 1857 About Uncirculated.

RARE 1858 THREE DOLLAR GOLD

- 2789 **1858** Extremely Fine. Very scarce, **low mint record of 2,122**. The Delta coin, not quite as nice realized \$250.00. This should go for \$300.00 or so.
 2790 1859 Extremely Fine.
 2791 1861 Extremely Fine, only 6,072 coined.
 2792 **1863** Brilliant Uncirculated, full mint lustre. Very rare in this condition. Well worth \$250.00.
 2793 **1864** Extremely Fine. A mere 2,680 coins struck. The Delta coin realized \$180.00 and it was only Very Fine.

RARE 1865 THREE DOLLAR GOLD

- 2794 **1865** Extremely Fine. **Only 1,140 were coined for circulation**. The Delta coin realized \$425.00. (See our comments on its rarity in the Delta catalog). This coin worth \$450.00.
 2795 **1866** Extremely Fine. The Delta coin realized \$200.00.
 2796 **1867** Extremely Fine. Only 2,600 coined for general use. Worth over \$200.00.

 2801 1874 About Uncirculated, mint lustre.
 2802 1874 Extremely Fine. Choice.
 2803 **1877** A very rare coin of which **only 1,488 were struck**. Unfortunately the coin was mounted, probably as a pin for it shows solder in three places on the obverse; the reverse is mostly unharmed, otherwise Very Fine.
 2804 1878 Brilliant Uncirculated.
 2805 1878 About Uncirculated, mint lustre, tiny scratch below the bust.
 2806 **1879** Brilliant Uncirculated, first strike, proof-like. Equal to the Egolf coin which realized \$250.00.
 2807 **1879** About Uncirculated, mint lustre. A very pretty coin.

RARE 1880 PROOF THREE DOLLAR GOLD

- 2808 **1880 Brilliant Proof**. It shows only a trifle rubbing in the field. The reverse nearly perfect. A rare coin that should fetch a high price.

RARE 1881 THREE DOLLAR GOLD

- 2809 **1881** About Uncirculated, proof surface. **Less than 500 were coined for circulation.** This coin should easily bring \$500.00.
- 2810 **1882** About Uncirculated. Struck in yellow gold, very attractive. The Holmes and Delta coins each realized \$270.00. This should do the same, perhaps a trifle more.
- 2811 **1883** Extremely Fine. Another very scarce coin. **Only 850 were coined for circulation.** Easily worth \$350.00.
- 2812 1888 Brilliant Uncirculated.
- 2813 1889 Extremely Fine. The last year of issue.

*On the following page is described
the beautiful and exceedingly rare
Kellogg & Co. Fifty Dollar Gold Coin.*

THE BEAUTIFUL AND EXCEEDINGLY RARE
KELLOGG & COMPANY FIFTY DOLLAR GOLD PIECE

- 2814 1855 \$50.00. Beautiful and finely executed head of Liberty facing left, **KELLOGG & CO.** on diadem. The name of the engraver, F. Gruner, in very small letters on truncation; date 1855 below. Reverse: eagle supporting shield, plain ribbon in beak; on scroll above, 1809 GRS. 887 THOUS. Legend, SAN FRANCISCO CALIFORNIA FIFTY DOLLS. Milled edge. ROUND. EXTREMELY FINE with only minor evidence of circulation, but fortunately free from any nicks or dents. EXTREMELY RARE. One of the rarest and most interesting specimens of all Pioneer Gold Coins.

The specimen offered here has a very interesting pedigree. Formerly in the Charles W. Cowell collection of Denver; sold by the late B. Max Mehl at auction November 1911; acquired at that time by Waldo Newcomer of Baltimore. This coin is from the famous Newcomer collection.

It is difficult to speculate on the value of this outstanding coin. This very coin sold for \$900.00 back in 1911. A similar specimen sold for \$2,150.00 in 1929. We have heard rumored that a west coast dealer sold a choice specimen last year for \$15,000.00. If a Four Dollar Gold "Stella" is quoted at \$5,000.00 today, we do not hesitate to place a value of \$12,500.00 on this outstanding coin.

UNITED STATES ASSAY OFFICE OF GOLD
FIFTY DOLLAR - OCTAGONAL

- 2815 **1852 FIFTY DOLLARS.** 887 THOUS. Struck by the United States Assay Office. The popular and sought-after OCTAGONAL design. Obverse: Eagle upon rock, with legend around. Reverse: Engine turned design typical of the period. VERY FINE, virtually free of the usual edge dents and bruises. Pleasant even wear throughout the entire surface. No noticeable defects. With the increasing number of collectors this popular coin is becoming difficult to locate, and only a small number of specimens exist. The scarcity of this denomination is probably a result of the fact that they were worth more than face value and were remelted for profit. We conservatively estimate the value of this coin at \$2,000.00.

U. S. HALF EAGLES (\$5.00 GOLD)

- 2816 **1795 First year of issue.** Small eagle on reverse. Obverse Fine, light dent-marks on head; Reverse Very Fine, choice. Probably carried as a "fob" or charm. Very rare and in demand. Excellent space filler for the man who does not care to spend over \$1,000.00 for perfection. This coin should be worth \$500.00.
- 2817 **1800** Very Fine. Pleasant even wear. Without any serious defects. As such worth \$300.00.

VERY SCARCE 1861 SAN FRANCISCO DOUBLE EAGLE

Reverse Design by A. C. Paquet

- 3112 1861 'S' with TALL LETTERS on reverse as designed by Paquet. The rarest San Francisco mint \$20.00 Gold coin and one of the scarcest in the entire United States Gold Coinage. Only two specimens are known to exist from the Philadelphia mint. The order to cease using the die was executed when the Mint Director noted that the reverse die was larger than the obverse and the borders too narrow. The dies were already in use by the San Francisco mint before they received the order to discontinue use of the Paquet reverse. Many years later the first specimen was discovered and ultimately sold for a rumored \$5,000.00. During the past few years a few more specimens have come to light. The specimen offered here is EXTREMELY FINE and one of the finest known to exist. In our opinion this coin should realize about \$3,500.00.
